

Eléo Conseil offers strategic consulting and operational support. The firm can provide methodological backing in putting together projects, assistance with project steering, coordination and management, support in territorial cooperation and forward-looking territorial studies. It also develops bespoke training courses.

Eléo Conseil works for:

- local authorities,
- associations,
- professional organisations
- universities, research centres,
- semi-public companies and development agencies
- businesses

Based in **Nantes** (France), **Eléo Conseil** was founded in 2007 by **Maïté Cosnard**, Doctor in Economics.

European Programmes: *ERDF, INTERREG Atlantic Area, INTERREG France (Manche) UK, EFF, FP7, EAFRD...*

The firm works with a network of independent consultants and specialised consulting firms.

:: Methodological Support in Putting Together European Projects

Working in line with your requirements and in close liaison with you, Eléo Conseil can provide you with assistance from the definition of your project through to the financial package:

- Assistance in defining the project and writing up rationales
- Searching for partners
- Writing up the application
- Financing

:: European Project Steering, Coordination, Monitoring and Management

If you want to focus on your core business, Eléo Conseil can work in liaison with you to take charge of certain aspects of your project:

- Coordination, including multilingual
- Communication
- Administrative and financial management
- Writing interim and final reports

:: Searching for European funding

If you are in search of additional funding for a project, Eléo Conseil can provide:

- Preliminary reviews pinpointing the financial possibilities depending on the type of funding (cofinancing rates, eligible expenditure, requirements...)
- Assistance with the technical content and financial package in the application file

:: Territorial Development and Forward-Looking Studies

Eléo Conseil also works on developing territorial strategies to anticipate future developments and provide the right solutions:

- Territorial analysis: audits, issues, trends, future scenarios, strategy, recommendations and action plans
- Stakeholder support and coordination
- System evaluation

:: Training

Eléo Conseil provides training on European strategies, programmes and policies and their links with territorial policies.

:: References European Projects / Funding:

Eléo Conseil has extensive experience of European projects and programmes. The firm has also carried out a large number of territorial studies and training courses.
